The Ureatest Medium.

THE WICHITA WEEKLY EAGLE histablished in 1877 and for twenty-four years has stood at the head of all Week-lies in the state. There are people in this county who have read it from its first issue and are readers today. Why do they read it? Simply because they are after the reliable and laiset news and can only get it through this medium it has more columns of the reading than all the Weeklies in the county. Business men are approached daily by representatives and even progressors of these local papers with the expressyped expression that they have the largest imates furnished on all classes of there is no papers with the acceptance of the largest circulation in the county. Well, we pay the postage. They do not. If they are the local papers they claim they are hard to locate. There have been hundreds of them in the twenty-four years. dreds of them in the twenty-four years that the Eagle has been in the field and have died as many more must do under their false representation. You want a good medium to do your advertising in you want.

tising in: you want

VALUE FOR YOUR MONEY. You want an established medium; you want to patronize those who are capa-ble of patronizing you. You receive the benefits from the sepenty employes of the Eagle; you get more circulation from the Weekly Eagle than you can anywhere else. The readers of the Weekly get four times as much live news for 50: as they get from the other weeklica for \$1.00 and \$1.50. This is the time when price and quantity tell. You get all you can and pay as little as you can. Therefore the Weekly Eagle is the paper for the advertiser and reader
